Building Resilient Infrastructure

Enabling Reliable Operations  
Through Operational Excellence

Local Insight, and Lasting Impact

**2026**

### Future Horizons

Trusted Local Execution. International Standards. Strategic Access Across Syria.

---

#### Executive Summary | About Us

**Future Horizons** is a leading Northeast Syria-based operational services, logistics, and infrastructure company with more than a decade of proven experience delivering complex, high-value projects for international organizations, humanitarian agencies, and institutional clients operating in challenging environments.

Over the past 10+ years, we have successfully managed and executed multi-million-dollar contracts across logistics, warehousing, camp management, infrastructure development, rehabilitation projects, and integrated support services—without compromising safety, quality, compliance, or operational continuity.

Our strength lies in a unique combination of **international-standard operational capabilities and deep-rooted local intelligence**. We possess an unparalleled understanding of the region's geographical realities, community dynamics, tribal structures, supply networks, and operational environments. This allows us to anticipate challenges before they arise, mitigate risk proactively, and ensure uninterrupted project execution in locations where operational certainty is often difficult to achieve.

For energy companies entering or expanding within Northeast Syria, **Future Horizons** serves as more than a service provider—we are a strategic local partner capable of supporting the full lifecycle of operations, from site establishment and logistics mobilization to infrastructure development and long-term operational support.

**We bridge international corporate standards with irreplaceable local expertise and security insight.**

---

**Our Core Services****1. Civil Construction, Rehabilitation & Heavy Infrastructure**

Future Horizons delivers comprehensive engineering, construction, and rehabilitation solutions tailored to industrial and energy-sector requirements.

**Capabilities**

- Site preparation and earthworks
- Heavy civil construction
- Road construction and rehabilitation
- Industrial facility construction
- Camp and accommodation construction
- Concrete and steel structures
- Utility and drainage systems
- Administrative and operational facilities
- Facility rehabilitation and upgrades
- Protective barriers and perimeter work

**Energy Sector Applications**

- Field camps and operational bases
- Warehouses and logistics hubs
- Access roads and transport infrastructure
- Maintenance facilities and workshops
- Infrastructure rehabilitation for oil and gas assets

Our teams combine technical expertise with extensive local execution capability to deliver projects safely, efficiently, and on schedule.

## 2. Domestic Camping & Life Support Services

Future Horizons provides turnkey camp management and life support services designed to sustain remote and industrial operations.

### Services Include

- Camp design and setup
- Accommodation management
- Catering and food services
- Utilities management
- Water supply and distribution
- Waste management
- Housekeeping and sanitation
- Laundry services
- Facility maintenance
- Recreational and welfare services

### Operational Advantage

Our ability to rapidly establish and manage self-sufficient camps ensures uninterrupted support for personnel operating in remote and challenging environments.

## 3. Industrial Warehousing & Storage Solutions

We offer secure and scalable storage solutions designed to support complex industrial supply chains.

### Services Include

- Warehouse management
- Industrial storage facilities
- Equipment and spare parts storage
- Inventory control systems
- Material handling services
- Distribution management
- Asset tracking and reporting
- Temperature-controlled storage

### Value to Energy Clients

Efficient inventory management and secure storage significantly reduce operational delays and improve supply chain reliability.

### 4. Office & Housing Catering Supply and Services

Future Horizons provides comprehensive support services for offices, guesthouses, camps, and residential compounds.

#### Services Include

- Food and beverage supply
- Catering operations
- Kitchen management
- Consumables and hospitality supplies
- Accommodation support services
- Dining facility management
- Procurement and replenishment services

We maintain robust supply networks to ensure consistent, high-quality service delivery across all operational locations.

### 5. Vehicle Rental & Supply

We provide reliable transportation solutions that support personnel movement and operational logistics.

#### Fleet Services

- Light vehicle rental
- Heavy vehicle rental
- Pickup trucks and utility vehicles
- Passenger transport vehicles
- Specialized operational vehicles
- Long-term fleet leasing
- Fleet maintenance and management
- Driver services upon request
- 

#### Operational Benefits

Our fleet solutions are structured to maximize availability, safety, and operational efficiency in remote and demanding environments.

## 6. Fuel Supply

Fuel availability is critical to operational continuity. Future Horizons maintains dependable fuel supply capabilities designed to support industrial and energy operations.

### Services Include

- Diesel supply
- Gasoline supply
- Bulk fuel transportation
- Fuel storage solutions
- On-site fuel delivery
- Fuel logistics coordination
- Emergency fuel support

### Commitment

We prioritize reliability, continuity of supply, and stringent operational controls to ensure uninterrupted client operations.

## 7. General Building Materials Supply

Future Horizons maintains extensive procurement and supply capabilities for construction and industrial materials.

### Materials Include

- Cement and aggregates
- Steel and structural materials
- Electrical materials
- Plumbing and mechanical supplies
- Hardware and tools
- Safety equipment
- Industrial consumables
- Finishing materials

Our established supplier network enables efficient sourcing and timely delivery across Northeast Syria.

## 8. Medical Services

The health and welfare of personnel are essential components of successful operations.

### Medical Capabilities

- On-site clinics
- Medical staffing support
- Emergency medical response
- Occupational health services
- First aid stations
- Medical consumables supply
- Ambulance coordination
- Health screening services

### Energy Sector Support

Our medical services contribute to workforce wellbeing, operational readiness, and business continuity.

## 9. Storage & Warehousing

In addition to industrial warehousing, Future Horizons offers flexible storage solutions for operational equipment, consumables, and strategic reserves.

### Services Include

- Secure storage compounds
- Long-term and short-term storage
- Material preservation solutions
- Controlled access facilities
- Inventory management
- Distribution and dispatch support

Our storage capabilities provide clients with enhanced logistical flexibility and operational security.

## 10. Housekeeping & Laundry Services

Future Horizons delivers comprehensive facility support services that ensure safe, hygienic, and comfortable living and working environments.

### Services Include

- Daily housekeeping
- Deep cleaning services
- Laundry operations
- Linen management
- Accommodation sanitation
- Public area maintenance
- Waste handling and disposal
- Hygiene management programs

Our service teams maintain the highest standards of cleanliness and operational support across camps, offices, and residential facilities.

## 11. Recruitment proposal

Future Horizons can provide a recruitment service that helps companies find, screen, and hire qualified employees for their business needs.

Our service teams maintain the highest standards of cleanliness and operational support across camps, offices, and residential facilities.

Our service can include understanding the client's staffing requirements, preparing job descriptions, sourcing candidates, reviewing CVs, conducting initial interviews, shortlisting suitable applicants, and supporting the final selection process.

We aim to save clients time and effort by connecting them with reliable, skilled, and suitable candidates for temporary, permanent, or project-based positions.

## Why Future Horizons

### A Strategic Partner for Energy Sector Success

**Future Horizons** offers a unique value proposition for international oil, gas, and energy operators seeking dependable execution in Northeast Syria.

#### Our Advantages

- More than 10 years of successful operational delivery
- Extensive experience managing multi-million-dollar projects
- Proven stewardship of assets exceeding USD 20 million
- Deep understanding of local communities, tribal structures, and regional dynamics
- Capability to deploy anywhere across Northeast Syria
- Strategic logistics and warehousing solutions near key oil-producing regions
- Comprehensive Life Support Services for remote operations
- Industrial-grade construction and infrastructure expertise
- Commitment to international quality, safety, and operational standards
- Strong supply chain resilience and operational continuity capabilities

#### Future Horizons

Delivering certainty in complex environments. Enabling operational success through trusted local execution, strategic infrastructure, and international-standard service delivery.

**We bridge international corporate standards with irreplaceable local expertise and security insight.**
